Authority to Appoint and Approve Merits for Postgraduate Research Titles

DEAN BRIAN P. COPENHAVER

DEAN SUSAN HACKWOOD

DEAN IRVING G. HENDRICK

INTERIM DEAN WALT HENRY

DEAN S. D. VAN GUNDY

RE: Delegation of Authority for Postgraduate Research Titles

It seems apparent from current practice that appointment and merit approval for the postgraduate research series was delegated to the deans. However, there is no written record of such delegation other than a document dated March 17, 1983, appended to a memo from Carlton R. Bovell, The Vice Chancellor, with delegations of appointment authority which identifies among other titles that the dean has appointment authority for Postgraduate Research and Visiting Postdoctoral with no Budget Committee Review.

This memo is to document policy which has been past practice. In accord with APM 350-24, I am delegating authority to the deans to appoint, promote, and grant normal and accelerated merits for the postgraduate research series.

Raymond L. Orbach

Chancellor
